**Broadcast & Streaming**

# LEIGHTRONIX

# Streaming Packages

Partnering with LEIGHTRONIX to deliver viewers both broadcast and streaming technology means going through one vendor and getting one complete system solution. While others have to rely on manufacturer partnerships to piece together broadcasting, video-on-demand, and live streaming solutions, LEIGHTRONIX has the knowledge, experience, and resources to provide it all with value-packed pricing. Do it all and save even more by combining a live streaming solution with a streaming video-on-demand solution for a discount of \$100 per month! All subscriptions are paid annually.
